### *Secondary Plat Review Instructions*

#### ◆ **SECONDARY PLAT APPLICATION**

All individuals requesting a division of land, which does not meet the classification of a Certified Survey, are required to complete the Subdivision Review Process as defined by the Dearborn County Subdivision Control Ordinance.

Individuals requesting Secondary Plat Review must complete an application form, which will be used to determine the location of the request, type of request and person(s) who are making the request. It is important that the application is completed accurately, and in its entirety. The Applicant is responsible for all the information that is given.

#### ◆ **SECONDARY PLAT REVIEW PROCESS**

All Subdivisions must complete Secondary Plat Review as the final step in the Subdivision Review process. Prior to submitting a Subdivision for Secondary Plat Review, it is necessary to obtain Primary Plat Approval and Improvement Plan Approval (*if required*). The Secondary Plat must be consistent with the previous approvals.

Once the application is submitted, Plan Commission Staff will determine if the proposed plat is in agreement with the requirements of the Subdivision Control Ordinance and the Zoning Ordinance. If the plat is in compliance with all requirements, Secondary Plat Approval shall be granted. If the plat is not in compliance with all requirements it cannot be approved until it is made to be compliant. A Subdivision that requires a financial guaranty to ensure the completion of approved public improvements will not receive Secondary Plat Approval until that financial guaranty is accepted by the County. After the Secondary Plat is approved, copies of the plat will be distributed to the appropriate county offices, and the original mylar will be hand carried to the Dearborn County Auditor's Office. The Auditor's Office will duly enter each parcel for taxation, then the Plat will be delivered to the Dearborn County Recorder's Office for recording.
