Valuable Web Links to Share

1. National Incident Management System   -- IC 700 a
   a. This link is for the training portion of IC 700a. You will need to go through the training to be afforded the opportunity to take the exam at the end. Upon successful completion you will be provided a Certificate
      i. http://emilms.fema.gov/IS700aNEW/index.htm

2. Indiana Health Alert Network
   a. This is a method that the state has utilized to "get the word out", so to speak. If you click the link below you may get a notice that the website certificate is out of date. Accept this as ok, and follow instructions. Or if you prefer, let me know if you simply want me to forward these messages to you once I do receive.
      i. https://healthnet.isdh.state.in.us/datacenter/main.aspx

3. Dearborn County Medical Reserve Corp Web Page
   a. The department has worked with our state counterparts in trying to revitalize a very valuable asset to the county. If you look at the web page you will see that the MRC is now being operated through the Health Department
      i. https://medicalreservecorps.gov/detail.asp?id=2301

4. Dearborn County Public Health Preparedness Home Page
   a. The department has worked with the county webmaster provider in order to have a county site. While this site is new, and I am new to webpage creation and inputting, I will try to do my best to keep this page current and relevant
