

Current information on vaccines from the Dearborn County Health Department

Per Dr. Eliason:

We are now accepting walk-ins at the COVID-19 vaccine site (91 Walnut Street, Tuesday-Thursday 10 AM-4:50 PM or Saturday 8:30 AM-11:30 AM). Although no registration is required, you can save time at the site if you preregister at ourshot.in.gov. We invite anyone 18 or over, including residents of other states to come and receive a free Moderna vaccine.

This will be a “while supplies last” situation, however we have a large supply and I don’t anticipate a shortage.

If you want help preregistering, you can call Health Nurse, Kendra in the health department at 812-537-8844. Someone will help get you scheduled.
